

The Code Council (38 CFR 101.11) regulates the use of onboard vessels and other

The Code Council should bear the appropriate certification laboratory, from 1987 to section 46 CFR 56.6

“Pilot that is to be recognized, AN-

Cooperation ut

The Coast Guard's explicit service for laboratory certification regulation. Such an approach, which American economy, which monopoly, and unfair policies set forth in section approaches to procure entry that stifle competition

The Code Council's proposed substituting in a neutral reference United States that is a signature arrangement (HAC-RT) or provide services in this sector would align the Coast Guard's which recognizes laboratory "a

approaches taken by several other federal agencies and departments, including the Consumer Product Safety Commission (CPSC),⁵ Department of Energy,⁶ EPA,⁷ and the Federal Highway Administration (FHWA).⁸

We strongly encourage the Code Council to adopt the neutral accreditation language that ICC has proposed, which would advance Executive Order 13782 and ensure regulatory consistency, while maintaining Code Council policy as well as existing Code Council and other federal agencies.
