

ICC 3D Automated Construction Technology for 3D Concrete Walls Consensus Committee (IS-3DACT)

Public teleconference meeting #13 of the
ICC 3D Automated Construction Technology for 3D Concrete
Walls Consensus Committee
will be held October 11, 2024 remotely via Microsoft Teams.

- MEETING NOTICE -

**Teleconference Meeting
Friday, October 11, 2024, 10:00 am – 12:00 pm PT**

The purpose for this meeting is for the IS-3DACT committee to consider:

**Welcome and Opening Remarks
Working Group Discussions on Initial Draft Sections
Additional Initial Draft Discussion
Next Meeting
Other Business
Action Items & Summary**

This notice will act as a tentative agenda and will be posted on the IS-3DACT website prior to the meeting.

This meeting is open to the public.

If you plan on attending, please contact Melissa Sanchez, Committee Secretariat for login and call in information. Agendas, meeting minutes, meeting materials and all other documents can be found on the IS-3DACT website.

The scope of the IS-3DACT committee is to develop an ICC 1150 Standard for 3D Automated Construction Technology for 3D Concrete walls. ICC 1150 would address requirements for 3D automated construction technology and 3D Concrete used to construct interior and exterior 3D Concrete walls, with or without structural steel reinforcing, used as bearing walls, non-load bearing walls and shear walls, in one-story or multi-story structures.

TO ATTEND, AND FOR ADDITIONAL INFORMATION, PLEASE CONTACT:

Melissa Sanchez, S.E., LEED AP
Principal Structural Engineer
