Work group 2

Mr. Wiseman reported that the Mr. Mosely forwarded the drafted sections from the Working Group to Mr. Aittaniemi for their inclusion in the consolidated draft document.

Work group 3

Mr. Wiseman reported that the Working Group completed the final prescriptive structural requirements for end walls to provide adequate bracing for sub-walls at the last meeting and sent over the completed text to Mr. Aittaniemi for inclusion in the consolidated draft document.

Discussion of proposed initial draft of the standard and consent vote by the committee.

Mr. Tompos Sr. walked the Committee through some additional revisions that were agreed upon by Working Group 3 and were submitted to Mr. Aittaniemi. Some of those requirements were not yet included in the most recent version of the draft and were agreed upon by the committee during the meeting. These updates were specific to the following sections: 105.1, Definition 100 per cent inspection, Definition compliance document, Definition installation, Definition modular components, Definition off site constriction Definition permanent foundation system, Definition third party inspection agency and Third part inspector, 301.4, 302.1, 302.4, 308.3, 308.3.1, 701.3, 702.1, 702.4, 702.4.2, and 702.6.

. Mr. Harmon noted that this distinction is made in the definition for builder to encompass an individual or entity

Committee for future update of that Standard. The Committee agreed that all definitions that are not included as terms within the standard should be deleted. Additional definitions that are not used and should be removed: 100 Percent Inspection, Building Shell, Building Thermal Envelope, Certification Label, Closed Construction, Installation, and Ordinary Repairs.

Ms. Thome asked if Standard 1200 and 1205 will be updated. The Committee is interested in learning more about any planned update to the Standards.

Ms. Thome discussed the need to form a Project Team and develop a working group on Certifications. Mr. Schmidt discussed the need to develop a Project Team in relation to the concerns raised by Ms. Thome and there was not an opportunity to develop a Certification Working Group. Several committee members were open to the potential of voting on the development of a Certification Working Group.

Mr. Wiseman discussed with the committee that the proposed initial draft would provide an opportunity for all interested parties to provide comment on the initial draft. Upon the consent of the committee the initial draft would then be posted for public input by all interested parties for a period of 30 days. All interested parties would be notified of the posting.

Mr. Harmon made a motion to move to vote on the interested parties public comment draft. Mr. Wiseman seconded the motion. The motion was approved with 13 votes yes, which was the entirety of the committee members present.

Mr. Paradine made a motion to adjourn the meeting. Mr. Mosely seconded the motion. And the motion was approved.
