

ICC 825 Private Sewage Disposal Systems  
Standard Consensus Committee (IS-PSDS)

Posted Date : May 2023

SCOPE: This committee will have primary responsibility for the development of minimum requirements and standards to safeguard the public health, safety, general welfare and address societal and industry challenges through designing, constructing, operating and maintaining private sewage disposals systems which includes septic tank and effluent absorption systems, or other treatment tank and effluent disposal systems, where a public sewer is not available.
